

Invitation – NHS 10-year plan workshop

Our NHS is facing challenges and needs to change to make sure health and care services are fit for the future. To ensure that we deliver the right services to the right people the Government needs to learn from your experiences and hear your ideas and your views, so that they can shape immediate steps and long-term changes in a new **10 Year Health Plan**.

Over the next couple of months there will be lots of events happening across England. These events will include people from all backgrounds and with lots of different experiences. As part of those events, we would like to invite you to an on-line workshop to capture your experiences and ideas. These will be fed back to NHS England as part of the 10-year plan. This will form part of the engagement process with members of the public. The workshop will be held on **Wednesday 5th February at 1.30pm** via MS Teams and will be facilitated by Sharon Picken, Participation and Engagement Services Manager at Kent Community Health Foundation trust (KCHFT) and Emma-Sue Willows, Participation Manager KCHFT on behalf of NHS England. The workshop is expected to last for about 1 hour and 30 minutes

The 10 Year Health Plan will be built around 3 shifts which will be the focus of our workshop. In the workshop we will be discussing your views on each of the 3 shifts;

- Moving care from hospitals into homes, closer to the places people live and their community
- Using digital technology promises faster, higher-quality, more connected care
- Preventing rather than simply treating sickness will keep people healthier for longer.

If you would like the opportunity to take part in this workshop, please confirm your attendance by emailing kentchft.engagement@nhs.net

To ensure that everyone has an opportunity to tell us about their experiences and ideas, we will limit the workshop to 15 people, if the number of interested participants exceeds this number, we will look at holding an additional workshop. Once we have confirmation of

attendance, we will send out an MS teams meeting invitation with instructions of how to join the meeting, along with an agenda. If you have any further questions in the meantime, please do not hesitate to contact me.

With many thanks,

Sharon Picken – Participation and Engagement Services Manager
